Transcript

Let's do things differently this time, like so differently. His name is Miles Morales.

He was.

As bitten by a radioactive spider. He's not the only one. He hasn't always had it easy. And he's not the only one. Now he's on his own. And he's not the only.

1.

You think you know.

The rest.

You don't.

I thought I knew the rest, but.

I didn't. I didn't. But I did.

When I hurt him. And he's not the only one.

Hey yo Jeff leopard.

When?

The song over. Seems over.

Are you OK?

You don't hang out and you don't. Want to talk? I didn't join the band, so.

Oh.

I could talk. About my feelings, I joined it so I could hit my feelings with sticks.

Well. Did.

If you don't tell someone what's going on, you're gonna smack.

I'm fine.

That's not how someone who's fine would. Say that say that I'm great. How are you?

Thanks, I'm great. Thanks. How are you? Fine.

Glen, come on.

I don't get.

You, man, you're right.

I play drums.

I always wanted to be in a band. I guess I just never found the right one.

In this line of.

Work. You always wind up a solo act.

To the city.

Before miles. There was Peter. Is this?

I think you look great.

That dangerous menace.

Ohh no no she seems.

Like a good guy. Why wear a mask if? You got nothing to hide, huh?

All right, no politics at the.

Thank you, may, but they didn't really know me.

And I didn't really know him either.

Touch him again, Ned.

When it's OK.

Until it was too late.

You don't love me.

What? No.

No, no, no, no, no. What did you do?

I just.

Wanted to be special.

Like you.

When?

When? Don't worry, please go ahead. Everything's going to be OK. Don't don't go.

Work.

Everything.

Leader.

Hey, hey, hey.

Peter.

I never really made another friend after the. Except one. But he's not. Here. And there's no way to get there.

Pressure mounts as Captain George Stacey leads the manhunt for Spider Woman who may ship. And why will she show her face? Peter Parker.

May have been Parker. Peter Parker aided my table. He was my daughter's best friend and I will not rest. Till I find this spider wolf. Yay. How's the van?

Yeah, great. I quit. So you know, thumbs up.

OK, OK.

We we caught a break in the spider woman case.

That's good.

We're close, telling you I can feel it.

You too.

It'll be good for us.

Don't be so sure.

She killed your friend. What do you mean? I don't know. I do know that. You know I.

You don't know that.

Was there? She ran from the scene.

Maybe she didn't have a choice.

I got a job to do, Quinn.

It won't bring him back.

I don't want to argue about this, OK?

Yeah, I can tell.

Say yeah. Too punk rock to give your old man up.

Possible superhuman event, Guggenheim Museum suspect and Adrian Toombs, also known as the Culture.

Oh wait, this could be it. So I'll see you later. Fire department. I've I've got.

4920 on scene, we're going.

To need all the help we can get out here.

Lady, I'll find out. You'll look alive. Good chance our girl shows up. You're. Explain to me how a guy with a 40 foot wingspan just waltzed into the Guggenheim unnoticed.

Hey, it's New York. Everyone's got their thing.

You know what he wants? I'm an Irish cop.

Do you speak Italian?

Maybe you love pasta or.

Everybody on my signal look out for signs. A spider woman. Hey.

Yep, we got our.

Sign.

How's the manhunt for me going?

Good to know.

Culture.

Screaming their name usually works.

I guess that worked.

I am at the voucher, the pinnacle of man's genius.

You're not my vulture. Are you made of?

Parchment.

What God said world. Have you brought me to?

Glitching, huh in there.

Where you from, bud?

I am an artist for an engineer.

Oh great.

Oh, let me guess. You were having an espresso and some old timey Leonardo da Vinci Dimension, and suddenly a portal opens up and you wind up better.

Am I warm? Yes. Sidebar stops making a massive parking deal for no reason. We're talking about it, aren't we?

You got it.

Oh, that's cool.

More of a meta commentary on what we.

Call art, but it's it's it's also art. Oh, look, it's your cousin. I wouldn't play with fire.

Kind of made-up. Capris.

Hey.

Oh no.

I'm sorry, who exactly are you supposed?

To be it's classified.

You're the blue Panther. The Caped Blue Seder, Dark Garfield, macho libre.

No. No, I'm no stop. I'm from another dimension you.

Oh wow. Actually I'm not confused.

My name is Miguel O'Hara. I lead an elite strike force dedicated to the security of the multiverse.

Actually forget it. Can you go to any dimension you want with that? Thanks.

It's much cooler than a. Watch.

OK, sensitive. Look there is. A big flying Turkey from the Renaissance.

I have to bring.

The justice. So if you don't mind.

It's all right, kid.

Oh.

I'll take it from here.

OK.

Knock yourself out.

Why are you saying it like that?

I don't know.

It really fun freeing up your shocking.

Mess by the. Way.

Ping pings collide. What are you guys talking about? Yeah.

None of your business.

Nosy the multiverse. You left a hole wide enough for guys like him.

1st.

Randomly gets shot into the wrong dimension.

Now I'm stuck putting everybody back where they belonged for all of time. And space collapses. You don't even get me started on Doctor Strange and a little nerd back on Earth 199990. 9.

Great. Sounds like he maybe shouldn't practise medicine. Sorry, captain.

Lord.

So you want me to? Handle this one or. Ohh OK.

He's got hammer speed.

Lila, can you please you know?

Nah, you gotta say it first.

Call for back up.

What? Come on.

Call for backup. Please just call for.

Yeah, I already. Called. Her. But I enjoyed that.

Hello.

Spider woman.

Me too.

Are you uh?

Oh, this we don't have the sex yet. My husband wants it to be a surprise. He's really corny, but so.

Hot will you adopt me?

Wait, wait, wait.

And we focus on the things while reading great time and space, please.

Yep, Yep, Yep.

What about her? No.

We could use the help. Is it cause she called you dark Garfield? Ohh.

No.

No.

Say anything, but no.

Yes.

Why not? You know what? Enough of this.

They could go to the.

That.

Don't let him out.

He'll disrupt the panic.

Will you get out of here?

I'm a good guy.

You don't look like a guy.

He's gonna have to shut up and trust me.

Yeah, I think it's.

That's what I. Was going to do.

Hands in the air, captain. Come on. Suspect.

Checked his arm, gets down on the ground.

With what I'm I'm out of what? Which is it? Hands in the air. Get down.

You're under arrest for the murder of Peter Parker. You have the right to remain silent.

On. The ground I just saved a bunch of people. Captain, come on, you don't understand.

Anything you say? You don't understand.

Dad. I've I've thought about telling you. But you can see why I didn't want to. You can see why I didn't want to tell you. I didn't murder Peter. I didn't. I didn't know it was him. I didn't have.

How long have you been lying to me?

A choice. Can you just can you just not be a cop for a second and be my dad? Here and listen to me. Do you really think I'm a murderer? You're in this to help people, right? Right. Well, so am I.

And the way to help, right?

Now is to listen to me. Please, dad. Here all I have left.

You have the right to remain silent. What anything you say can and will be used against affordable wall? You have the right turn.

Dad, are you really this afraid of me? Yes. Stop.

Don't get any points.

England.

We got you right, Miguel.

Layla, scan this mess.

No further anomaly cannot remains intact.

I don't know how to fix this.

Yeah.

Well. Join the club.

Yeah.

It's the maternal fashion that's smashing and dancing.

I know he's just a sophomore, but we want to get a jump on the college conversation, so. I'm sure he's going to be here any minute.

He's very serious about his future.

A couple of the men.

Excuse me, do you have an ATM machine?

Yeah, everyone here in the back.

Preferably not changed to the wall, nothing.

What?

They should be simple enough.

Just make a hole.

Grab the money.

That's not right.

Just get through.

Give me your money. Where are your?

You where are you?

Money.

Give me.

Yeah.

Hey, who left this?

Yo, what you doing back there, man?

Nothing, nothing. Everything is. Everything's cool, man. All good. Just forgot my pin number.

Please just let me.

Rub you I'm going to rub.

There's no reason to bring wood to this. I've never robbed anybody in my life. Please don't make this a bad experience for me.

But it's.

Like Robin Hood, if he gave flu cell. Oh, wow, that's powder. Some scientist I was. I am. I used to. I used to work there. I was actually considered handsome by scientist standards. And I had a Little Axe giving my foot. Man, I'm so sorry. First of all.

This is there. No, no, no, no.

I'm not even robbing you. I mean, this ATM machine doesn't even belong to you, right? This belongs to the bank. They're the real.

Criminal. Real. Criminal. You're robbing me.

No, I can't really get a job anywhere anymore being like this. So I've turned to a life of crime. I'm having people.

Why don't? Say ATM machine.

Who said that?

M stands for machines.

Oh really hurt.

Hey, Lenny, how much I owe you for this beef Patty, man?

Fight it if you catch him, son, the oldest brother.

Ohh, Spiderman wow, this is real.

So are you like a cow or a Dalmatian? I am.

The spot? Oh, that's funny. We meet again spider man.

To you? Of course not. No. So is that a.

Costume unfortunately for both of us, this is skin.

Oh.

You see. I'm from your past. One year ago.

Oh, oh, come on. Well, this has been fun, but I really.

Who are you talking? To. Gotta wrap this up to be a while cause I can't.

Are you?

You have it just now.

OK, let's do this one last. Time. My name is Miles Morales. I was bit. Radioactive fighter. And for the last year and four month. I've been Brooklyn's one and only Spiderman and things are. Going great. You can hurt somebody. Catching all sorts of bad guys. No, can't you just act like a regular super villain? So I can catch you. I designed my new suit with some fly ambience down the side. I may move to Florida. I guess host of jeopardy. Endorse baby. Later apologise for. Baby powder made a mistake. My moustache came in and out. I made another mistake in developing a new twist on my venom thing.

New Spiderman.

How much longer can I keep lying about who I really?

Am I hear that the Spiderman is Puerto Rican?

He seems more Dominican to me. I mean, would they get it if I told?

Them they love you, even though you have lying to us.

We. And.

Accept you, even though you've been lost to us for a.

Year.

Maybe in some other universe? Sometimes I just wish I wasn't the only one. I don't dwell on. I miss my uncle sometimes.

My uncle see exactly what you're doing there.

You can.

No, he turned out to be the Prowler. Try to do what he told. Me. Just keep going.

Looking at your text, you understand this. Is the fight.

Of our lives, right? Just just a second.

Sorry, sorry. OK. No, no, no, no. Go ahead. Take the call. Turn off your phone in a movie theatre. You don't turn it off when you're fighting me.

Man one second.

In a minute I wrote it all this. One word. It's cute, right? The youth.

OK, that's weird.

Sorry, I just. I really gotta be somewhere.

Save.

There's bubbles now hold on.

Whoa.

I think this is going great.

Still, you know, I think it's probably OK. On. Here.

We're figuring it out.

Hey there, Mommy :) prayer.

No.

I don't think I want this costume anymore.

Is this your good?

At the end of the day.

I got you right where?

I'm Spiderman. No one can take that away from me. Believable. Don't escape.

Unbelievable. Come back to your nemesis. Costumes too tight in the back. By the way.

Yo, what's up, man? There's a bad guy on the roof of the Peterson building. Can you call the?

I'm writing an essay.

Police tell him to pick him.

I don't know. Sounds like a slippery slope. It starts with one call, then it's walkie talkies. Synchronised watches. In a month it'll be a spider single. I'm not your guy in the chair.

Up just this one time. Are those my Jordans?

I can't help it if we're the same. Size.

Don't stop. Don't stop. Don't stop.

You see, every person is a universe. And my job is to capture your persons universe on this piece of paper.

That's blank.

Exactly. I have no idea who this kid is. I don't know if he knows, and he's got to decide if he's going to commit himself to his future or whatever. He's. Instead of being here, can't have your cake and eat it. Unless you bake 2 cakes, miles, interest in comedy.

How's this going?

Now, son, what have we always said?

On time means.

5 minutes early. I know, I know, I. Know, I know. Look. I gotta get back to being a great student. So can we make this quick?

OK. Miles's grades are pretty good A and AP physics.

That's my little.

Man and AP studio art.

He takes after his.

Uncle A minus in English.

She's a.

Tough grader and AB in Spanish.

OK.

My are you killing your mother? OK.

There, mommy. That's no, that's my fault. I just missed a few classes.

Oh, just a few classes. Well, what's a few?

I mean, you know like. 5.

Right.

5.

Actually 6 good.

You're dead. A truant takes after his.

Oh, wait, wait, wait. Could I? I just have. A lot, alright.

We can still salvage this.

I'm sorry, salvage.

Miles has a great story to tell.

Having a story at all seems gross.

Your name is Miles Morales. You grew up in a struggling immigrant family.

Correct.

I'm from Puerto Rico. Puerto Rico is part of America.

We on the floor in Brooklyn, I am struggling. I don't know either do something.

It doesn't matter. You're all struggling. And now his dream is to attend the top physics programme in the nation.

I make it to next week.

Whatever it takes, we'll do.

It at Princeton University.

In New Jersey.

No, no, no. No, no, no, no.

No, no, no, no. It's too far. New Jersey's too. Far from New York, this great schools in Brooklyn. Mama Princeton has the best quantum researchers in the country. They're moving electrons across dimensional thresholds. I mean, they're studying dark matter.

I'm ready. Electrons. Yeah, I don't know what that.

Means I could help figure out how to travel to other dimensions.

OK.

Ohh yeah, that sounds like a really good fake job.

That when you were my age, you followed your dream and went out on your own to start a business with Uncle Aaron, right?

That's different. We used to see when you were born. Plus, your mom used to. Look, life is a.

Journey. You all got me into this school because you thought I could do something special. And now I think so too. And the special thing I want to do is this. There are people out there who can literally teach me the things I want to learn. But they aren't all in Brooklyn.

That's your story now, just stick.

To.

My pay attention.

Ow that hurt my tailbone.

Are you kidding me? Oh, I got it. If you meet you, you guys.

Just keep talking. Wait. Did you order the cake?

This is.

For tonight, totally. I'm, you know, call me up. I gotta go, alright.

Bye.

This kid, I swear. What are we? Gonna do with him.

I gotta go too.

What? You're gonna leave? He leave you? I believe. Why? Why? Why am I here? Why am I still here?

I know. I'm so sorry, but we'll figure it out. Together.

Wow. Excuse me. I'm so sorry.

He's lying to you, Jeff. Your son, he's lying. And I think you know it.

How's your essay?

Marinating this is part of my process. I think your guy got away. Yeah. You seem really stretched. You're stretched too thin. I've been telling.

Ohh really thanks, I'm on it. I agree. Yeah. Alright. Thanks for the tip. I know.

You this that was bad. Really going on with this?

Kid, I don't know, Spiderman.

I mean, this is not what it looks like.

Yeah.

Right, right. My kid goes here, man. This is I'm on the PTA. You know how many women I gotta wait?

Yes.

For that he left in.

The middle of a flight.

I did not. It was that.

It was inconsiderate.

And super rude and a little cocktail.

Yeah, you got me agreeing with the bad guy, right?

Now that guy.

He's barely a villain of the week.

What you call? Me. You realise I'm right here, man.

Under control.

Wow. And you know what? You were just like my son.

Of. Course we end up back here.

I am I. That's so silly, I imagine that.

Back where it all started.

The Crucible of our connections.

Don't try to wow me.

Is it all coming back to you talking about the creation event?

What?

Yeah, OK. We got cut off. Nothing is more important than.

What? Yeah, I'm kind of in the.

Middle of something.

Destiny brought us here, you see? Now, don't.

You I I really don't.

I am your nemesis.

You are not.

You can't contain this. You really don't remember what?

You did to me.

What I did for you. No, I worked at Alchemax. I ran a test on this Collider that brought a spider here from another dimension.

42.

Its home dimension, it escapes and it bit you.

Spider made you Spiderman. What? You ran through the cafeteria. You hit me with a bagel.

I did a lot of different villains with a lot.

Of different food make your flippy little sassy jokes and everyone loves them, but no one knows what it feels like to be on the other. Side of them.

I'm just trying to lighten the mood.

I created you.

You needed me.

Spiderman why did you create that guy?

I didn't. He's talking crazy. I.

Was in this Collider room when.

You pull it up.

Because of you. I lost my job, my life. My face, my family won't even look at me. I made you do a hero. You made me into this.

Look at me. Get this to me. Look at me. I'll make you respect me.

So.

I am your presenter.

Well, where to go?

He.

Kicked his own ****.

You know we're supposed. To catch the bad guys, right?

I always do.

Gutierrez, get the crane man.

Ohh, This is why nobody likes us man. I am trying to do right out here and you need to be a.

I mean I'm trying. To.

Better role model.

Ohh great role model.

At Gutierrez, you can cancel the cream.

Do you want to talk about it?

Are you crazy?

Well, many of your generation ignore their mental health too.

What am I? What am I even doing? Because no matter what I do, someone always thinks I'm blowing it.

I know the villain. Ohh, your son. How's he doing? You you think he's going to figure it all out?

Honestly.

Yeah.

He's a good kid, you know, it's scary, he says. These things that.

Yeah.

Are so smart. Cool.

Well, I should probably.

And then he does these things that are so stupid. I just don't want to mess it. Up.

Maybe get off the kids. I'm sorry. What? What? What? I I don't know.

And I hate that he's not being honest with me.

Maybe he's scared to talk to you.

Hi would anyone be scared to talk to?

Me, I don't. I don't know.

It's just.

You're getting pretty good at being a parent. You think you got it licked? And then they go and grow up. I just don't want to lose them, you know.

Well.

As an objective observer with no skin in the game. I say. You got to let him spread his wings, man. Like this?

Yeah.

If this isn't nice, what is? I should go.

Yeah, and and catch that hose guy.

Don't worry, I don't think that guy's gonna show his face again.

What?

OK.

I think I kicked myself into myself. Well, this is Neil. Hello. Hello EEEE. Hypothesis. I'm going to put my head in that hole. Stop it. Stop it. Stop it.

That was.

Cool.

My holes can take me anywhere.

Excuse me. Hi sorry to bug you, I know. You're busy, sorry. Where are you? I know it's weird. I just came out of nowhere, but I think I'm becoming a trans dimensional super being. So I'm literally splitting the fabric of space and time for you. It's just a Tuesday night. You're acting like weird stuff like this happens to you all the time. Can I have some gum?

Wow.

The power of the multiverse and the palm of my hand.

My holes aren't a curse. They're the.

Answer can you stop talking about your holes? You're making everyone uncomfortable over you.

No, no, no, no. You're gonna.

Love this look, look, look.

I'm out of spots, wouldn't you? Know it as you were, gentlemen. I'm coming for you, Spiderman. Let's take this one.

Oh no.

Tomorrow morning, Spiderman page one with a decent picture this.

Absolutely right, boss. I'm get on you. Got a boss on.

Shut up.

Alright, I'm on it. I.

Need a raise?

Beep beep.

Miguel, it's Peter. We got an anomaly.

Thank you, Peter, you're one of our best.

Jess, who's on this?

Beep beep.

Have you seen miles?

No.

Have you seen? OK.

Ohh dear God no.

Video come on.

Hi and I want you to know, no matter what, even though we've had our ups and downs, I am so proud of you today and every day. Parentheses hey, mostly lol S.

Hey. Hey, Mr Spiderman, it won't fit on one cake.

Can't you write smaller?

Can't you write shorter?

Come again?

What else can I say about Jeff? That he was almost 10 lbs. As a baby. I know, I know. You're gonna be embarrassed. I mean, he was killed. His mother. Look at those shoulders. He was a big baby. Ohh, honey.

Ohh no. OK, OK. OK, that's it. OK. OK. Yeah, I'll take the mic. No more mics for you, OK? You Rio for that.

Where is.

Kid.

You know, I didn't always know what I wanted to do in life. I was pulled in a lot of different directions when I was young. You know, me and my brother came up in this neighbourhood just a couple of knuckleheads running the streets. You guys used to. Chase us out of your stores and now if you can believe it, it's my job to lookout for you.

And then I had a kid and everything changed for the better, and I don't even know about getting a toast cause that I should be toasting you all.

Ohh now.

So to my.

Brother who? We miss every single day. It's definitely up there laughing at me right now. They're making me Captain bro. Through my wife. Mi Amor. And I can't even start because I'll never stop. I'll take the mic from me and to my son. The reason that I do any of this in the first place. Oh, I love you, miles. And I will always, always be here for you. Benny, man, come on, drop the beat.

Hey, Congrats, Jeff.

Hey, hey, hey, hey, hey.

Thank you for coming.

I can't stop.

Gotta keep going.

You keep your head up.

Just been here the whole time.

Oh yeah.

You were supposed to be. Hurt by you disrespected your dad.

I know, I know. I know but.

Miss his beautiful toast.

Come on, you. Did you even see the cakes? There's some heartfelt messages on them. That's not what I.

Meant your dad studied for eight months.

9.

It was.

Like giving birth? No. Of course not. You made us sit in that.

Office and talk to that Lady without you.

If it's an emergency.

With a graffiti emergency, a party with some friends I've never met emergency.

Explain yourself.

Sounds like you're explaining it pretty well.

That's funny, Jack. We got a funny son.

I'm not laughing.

This.

I don't feel going up.

Wow. And this is of course show.

Yeah. OK, you know. Have you checked out the script?

Oh yeah. Who are you running around?

With anyway just.

Is the genki. I never liked him. He calls me by my first name.

Yes, you did. We hate.

That I have more friends than just Genki.

Like who?

Well, there's there's. Peter, you know? But he left town. There's there's guanda, you know, she she also left town.

Miles poke diamond break.

Is that spanglish? Has it ever occurred to you that maybe I'm just doing benign, private, unremarkable things when I'm not with you guys? Never. I am 15 years old. I am basically an adult.

Nope.

Oh, right, right.

You don't even have a driver's licence. We live in New York and never plan to leave.

It's my.

It's not your life, it's mine. And your fathers and your wells, the abuelas who put you in this. But that I'd give anything to be him.

Life.

All right. All right. Whatever. Whatever.

Whatever. Wow.

Whatever.

I gotta say it. Please. Somebody that. I could say it you're grounded. Ohh yeah I'm.

What?

For how long? On dad. Mom, are you seriously? Yeah. Serious. You don't understand.

You're right, you are right. I have no idea what's going on with you. So why don't you tell?

Me.

Listen to me.

OK, champ, you got it. Go for it. Say whatever you wanna say. What do you got to tell me? So bad.

I think that.

You know what? Never mind.

All right, great. Walk away because now you got two months. That was good, right?

Close my life.

Two lumps? I'm Spiderman, not grounded.

In the paperwork.

That you realise.

OK.

In the night and so song get the time like life is.

Long people, thousands strong.

1000.

Another time. Can I?

Answer.

Wait a minute. How did you get? How did you get? How have you?

Been I've been good. I've been. Yeah, just great. Look at you. You you grew, huh? Had a little.

Gross bird. Your pair has gotten Pinker.

Is this the?

Room you grew.

Up it is, but my dorm room is is very.

Cool. Yeah. No, I used to play with these when I was younger. Yeah.

This is this. Is this a collectible actually?

Ohh, I used to have this one.

An extremely rare.

Wait, why is it still in the package?

That's fine.

Are these your drawings? What? No, they're good.

Wow, there's so many.

Missed you too.

So what are you doing here? I mean, I thought I'd never see you again.

Want to get out of here?

Hi.

I'm grounded.

Bummer. Is Spiderman grounded?

I mean I.

Miles. Your dad's ready to. Now.

That's three months I can see your face.

Wait, wait, hold on.

There's an elite society with all the best fighter people in.

It OK, so there's this lady, Jess.

Drew she that's motorcycle. Why? Oh my God.

I'm. So much from.

Her. Oh yeah. I've learned a lot of stuff too. I've levelled up my whole thing. Ohh yeah.

Let's see then.

Let's go thread the needle.

Whoa.

And Miguel? The whole thing. Right.

And who's Miguel? Ohh. He's like a ninja vampire. Spiderman. But a good guy. A vampire. Good guy. I'd pay good money to see that. So how long ago did they?

Invite you. It's only like.

A few months.

Ago.

It's just kind of a long. Time, isn't it? OK, this one counts for two.

All of my feelings were already dead.

Look at you.

Look at me.

So this club look at that.

Dumb, dumb kind of stuff do.

You do. We're trying to keep the multiverse from collapsing.

And the stripes 10 points.

I thought we did.

That already, like last week, we had this mission to some Shakespeare dimensions and hobby, and I just like, wait who's home? Ohh my gosh.

What?

He lets me crash in his.

Dimensions sometimes. What does that mean? You stay overnight?

Welcome.

Or anyway, listen, they're they're pretty strict about where I go or I really would have come.

To see you sooner, right? So, so. So why'd you come now?

No.

That's right. Hey, Gwen.

And you can't think of anyone.

Where'd you go? Where did she go? Hey, here you are. What you doing?

Waiting for you.

This is a cool thinking spot.

Right. I mean, who needs a treadmill when you have the Williamsburg bank building?
So, uh, you and your. Dad. You still haven't. Talked.

What exactly would we talk about? Hey, dad. How's the last few months been? Do you still think I murdered my best friend?

I mean, my parents. I mean, maybe if I. Told them.

Don't. Trust me on that.

Well. Maybe some things are supposed to.

Be just for us.

That's a nice way to think about it.

Just the really emotionally intelligent guy beyond my years.

You know, it really is always so.

Great to talk to you. Yeah.

Yeah.

I mean, how many people can you talk to about this stuff?

You don't even know. What?

You're the only friend I've ever really made after Peter died.

Other than hobby, right?

That's different.

Yeah, how's that?

I don't know you. And me, it's.

We're the same. In the important ways you know.

In every other universe, Gwen Stacy falls for Spiderman. And in every other universe. It doesn't end well.

Well. It's the first time for everything, right?

1.

Wow. Feelings make me hungry.

These platinums such as deep fried feelings.

She looks old enough to vote. I bet she doesn't even speak Spanish.

Well, nobody does.

This keeps you from glitching in other dimensions. Yeah. What's it going to take for Miguel O'Hara to notice Miles Morales.

It's pretty cool.

I'll put in.

A good word. I'm just saying if I had a watch. I could come. With you, I did save the multiverse.

Look.

It's a really small, elite strike force.

I can turn invisible. I have like electric powers. Think about it.

There's just, there aren't a lot of slots.

Right.

Look, if it was up to.

Me. You. I know. I know, I know.

Oh, no. No, no, no. Don't do that, miles.

All right.

It's it's really delicate.

Sorry, I didn't mean to snap.

OK, alright, I'm sorry.

Hello. Hi, I'm miles. It's mom.

Little boy.

Rio. Hi. I've heard so much about you.

You're using my first name. OK, this is nice. We found it in Miles's room. So. I guess he must have been there.

And you must be Jeff.

She called me Jeff. That's very sweet, Jeff. You must mean Lieutenant Morales soon to be Captain Morales.

Captain.

Guanda and I are friends from school.

Yeah, yeah, we were just catching up.

Ah, don't take him for me. I'm just kidding. He's ground it till you can't. Don't break his heart.

Mom.

Shoot, shoot I.

Have to go. Really. Yeah, I have. I forgot. To get my steps. In really really wish I could stay longer. I'm sorry.

Goodbye.

Yeah, bye. I can hear you being quiet, mom.

I am. Hope I didn't ice your game, man.

No one my age says those words in that order, Mom.

It's just hard to see my little man not being my little boy all the time.

Yeah.

Papa, you know you can tell me anything.

Well. I'm. I'm sorry I was late.

Go. She seems like a nice girl. Is this a trick? It's not a trick. Geez, what are you? Let me fix you just. For years I've been taking care of this little boy, right? Making sure he is loved. That he feels like he belongs wherever he wants to be. He wants to go out into the world and do great big things. And what I worry about most. Is they won't look out for you like us. They won't root for you like us. So. Here's the deal. Wherever you go from here, you have to promise to take care of that. Little boy for me. Make sure he never forgets where he came from. And he never doubts that he is loved. And he never lets anyone at those big, fancy places he's going to be in. Tell him that he doesn't belong there. When he comes home and he better come home. You're going to be early and you're going to be holding a normal nice cake.

Yeah. OK.

You gotta promise, miles.

I promise.

Don't get lost. Mail, yes.

All right.

Cool.

And you see one mommy.

Now get go. Get out of here. When you come back, you're still grounded. Yeah, I'm smiling like it's a joke, but it's true.

Ah. Yeah, I figure. See you later.

With the cake.

OK. Well. Something's come over me. Nothing can shake me. Never stop. No.

Nothing.

Shake me now.

Ohh ****.

Show me what?

Happened, but that's the thing. I need more spots. Oh my God. It was wonder where my my nose would have been. I just give you a little bit more dimensional juice or whatever. Never did come up with a.

Replay.

Shoot. Never my strong.

Good name for that. City Power line of my micro collector could generate a little more concentrated dark energy. What I love about science.

Resting enough to get me somewhere with a full size collide. In spite of it, I'll make you pay for everything you took away from me.

All right, this is going. To work. Or vaporise me and everything in this building which. Would that be?

Good shoot.

Hello.

Hey.

Shoot.

Replay complete. Why? Why, why, why? Why?

When, when, when? When? When? When, Gwen?

What?

Hi, what you doing?

Nothing good. All good. Yeah, everything's good. Bye.

Where's the the? That guy you were supposed to monitor, dude.

He just stepped out for.

A moment look.

He's just some villain of the week. We don't.

Layla.

Need tracking? Oh, hey, look, I got him. Never mind. Hold on. Slippery guy.

Did you go see your? Little. What? No, I mean, you kidding me right now?

Are. Briefly from afar, how far like? You know about this?

That's way too close.

It's like girl.

I just look, I had to know how he was.

I honestly can't with you.

Look, I know I messed.

Up, OK, can't be part of it.

This I know. I'll never see him again.

Alright.

No kidding.

Hey guys guys. He's making his own portals. He can jump wherever he.

What?

Wants. He could be a total Canon.

Killer you said he was the bill of the week. Do you know how bad? This is for you.

Every dimension he stops. And have an Alchemax.

What's he up to, Gwen? Don't know.

He's making himself more powerful. So he.

Can beat me amazing, my star pupil, everyone.

I'll get him. OK. I can get back up.

If Miguel finds out, I'd like you coming.

Don't tell Miguel. He'll kick me out and. What if he sends me home?

I got it. Earth 5101. When you land.

You never made a mistake. Never got too close to someone.

I did.

But I got over it. Alert the local spider. Tell him Gwen will meet.

Him there, thank.

I'm on.

It OK. You're welcome. Shut up.

You thank you so much, I promise you.

You got an hour to fix this. Or I can't help you.

5 miles.

See, that is incredible. I'm. Not gonna hold my look in the.

Where did you go, Steve still.

Mirror right now, but I. That person I was.

Looking at try getting handbook.

I have eyes on the. Anomaly stop covering. You're literally.

Hovering. Hello. Pardon me? Locals. Wow, 4 on there. Wow, that's very dangerous that looks. Good. Which way to alpha Max?

Ohh.

It's a place with a big collide.

Hey, Col guy. Move over.

That's the best.

You can do what I'm here to. Help mine.

You weren't expecting that, were you?

Ohh.

No, neither was I. I'm in the zone.

Did you follow?

Me. No, I just saw. Where you went and went there without you doing. Not supposed to be.

Here you talking about I'm helping. No, no, no. No, no, no, no.

I shouldn't have ever come to see you.

Dang.

Hey, who's the new guy?

Hey, pop. He's miles, and he wasn't invited.

Ohh you weren't?

Invited and you came anyway, right? And you guy must be in love with you. No, I'm not. I'm very good at reading people. I'm glad you are you guys.

OK. Whoa. Ohh.

Who are you? I'm not a new guy.

My name is Professor Prabhakar and for the past six months and even.

You gotta walk, yeah.

Being Spiderman is so easy, I wake up, skip the workout because I'm naturally buff and I don't wanna get too big, you know, do almost nothing with.

My amazing. You don't use any product at all.

Just coconut oil prayer, some genetics. Then I swing by school. Don't really have to try, but I do anyway. Fight a few bad guys. Feed a few St dogs. Quick break for a couple. Of Chai with my my auntie.

I love Chai tea. What did you just say?

Shi Deep Chi means deep bro. You're saying Dee Dee?

Ohh.

Would I ask you for a? Coffee with room for cream cream.

I'm sorry. Sorry. I'm so sorry.

Then I hang out with my. From Gayathri, she is an extremely classy. Hey, girl, tonight I was thinking hello. Police inspector saying this is your daughter. I do not know her. And to top it off, I. Even the best possible spider Man City Mumbai quick tour, this is where the traffic is. The where the traffic is also where the traffic is, the traffic here. Too, and this is where the British stole all of our stuff.

Ah, hello, spider man. Hi, not you.

Hey.

Are you talking to him?

That's. Me.

I think he means me him.

I got this done.

Huh. Wow, how are you? Utah levelled up my game. I'm on a journey of self.

Improvement and you came to India, that's the Western culture cliché, Tony friend love me bro.

No, no, no, no, no, I did not mean like that.

Now let me guess. You're gonna ask me about saffron and cardamom and non bread. Bread, bread, which is the same as.

Saying Jai Dee Ohh, I love Chai tea.

No.

Come on, man. I think maybe we got up on the wrong foot. Just talk.

About this fine, you made me feel. Empty like I had a hole. Inside of me, we all have holes. But now I found out where. To fill that hole up with.

More.

Who said this? It doesn't make any sense. Yeah, well.

OK, I'm good, don't worry.

We well.

This romantic tension is so palpable.

The spot gets more holes.

Will they won't.

You'll be unstoppable. We can't let him get taxed.

How how can you guys even concentrate? Does he know about hobby?

What should I know about Kobe?

Oh, looks like he did not know.

Go away. Go away. See you later.

Yeah. Could you please deactivate this wonderfully strong bed? It can't be turned off until the Collider sequence is complete Collider.

Obviously. Going man.

I'm about to be so much more than a villain of the week.

I'm sorry I called you that. OK? You're a great villain.

Well, not yet. I'm not.

Initialising Collider.

Yes.

How's it going now?

Great. Anyone got?

Any ideas? I have so many but none for this.

Stand back. I've been working on something new.

How long does this usually take?

Let's give me a second.

Do do you want to do something or do you just?

Stand here charging.

Are you like? It looks like there's just.

It ohh. I'm absorbing it so I.

Can shoot it.

Please hold your questions until I'm done breaking.

This thing I.

Don't get it. Just let me do.

This.

Right.

Be my guy.

Colby, look at that. Another one, I love how many different variations of you? Guys here.

I like her big step up. Yeah, mate.

Mean.

What's this new thing?

It's English for we got along great and. We're close friends.

Is this the younger from 16? 10.

Do you understand this?

Hey, Obie, thanks for breaking the child.

I loosened it.

David advice use the palms, not just your fingers.

What's up your?

Suit. Is he bleeding from his armpits?

Miles. Hobby. Hobby.

Hi I've never heard of you because Goon barely ever mentioned you.

Hi my name is Obi Obi Bryan. I was bitten by what? Did you yeah, man. And for the last three years I've been the one and only. Wait, wait, wait, wait, wait, wait. You my secret identity come out of it? That is when I'm not playing shows. Antagonising fascists, staging unpermitted political action, slash performing art pieces or having a laugh. The top of the man then? I'm not a role model. I was briefly A runway model to 8 AM 8:00 PM Hate able. I'm not a hero. Calling yourself a hero makes you a self apologising, narcissistic autocrat.

I thought you hated.

Wendy, you like to jump around my place, weather.

Well, what's the jump? It's a sweater. How many sweaters do you have?

That's that's not my name, sure.

And your toothbrush?

Wait, what?

There's my chat.

Y'all make a heck of. A team team.

Aren't you in advance?

I don't believe in consistency.

This guy is killing me.

This is going to. Be good for a Spiderman. You and me, we're finally going to live up to our potential. You'll finally have a. Villain worth fighting.

And I won't be just a joke to you.

You're not a joke. Right. Game absent completely on a new day.

I don't believe in comedy.

Just kidding. See, no one here thinks you're a joke now.

They went after this.

Well, that was another easy adventure for Spiderman.

I'm coming.

What was that?

Our future. I'm going to take everything from you.

What?

See you back home, Spiderman.

Mile.

OK.

We'll clear the path you slow down that build.

I'll do. But not what she told me.

Everybody.

By three. No.

When heads up. Markers are predicting an incoming cannon event, so try carefully.

I'm on it.

Hurry everyone this way.

I can do both.

What's your?

I got him. I. Got him. What?

Else, don't worry, thread the needle ring the.

Bell, right? It's too.

Dangerous. I'll be OK, I promise.

Oh.

Oh.

I promised.

OK, I was so.

Worried, I mean. You seem like a nice young woman that I do not know.

Not bad, right?

Right.

I've never seen him so emotional.

Excellent job.

Man, like miles, my God.

So what do you think?

What I always think. You're amazing.

The.

We make a good team.

Yeah.

Yeah.

Guys, what's that?

It's a metaphor for capitalism.

It's a lot worse than that.

Guys secure the area, clear all civilians and let's contain this quantum hole.

Hey, I'm miles. We actually met before when I was invisible.

I know who you are.

Is everything going to be OK?

OK.

Let me let me explain.

Miguel wants you back at HQ.

Miles was just about to head out for.

All of you.

I don't follow orders. Leave it.

As he, I'm invited to HQ. How were you even cooler under your mask?

I was just called the whole time.

Hey, over here yo.

This place is what and he's on.

The spot, let me ask. Hey, anybody?

Ohh honey. Anybody else got jokes?

You know.

We need to run a.

This is unbelievable. This is the lobby.

Uh.

Welcome to spider society.

A bit much in it.

What happened to that small elite strike team?

A lot of these are per time.

Wendy, how much have you? Told him. About his place and all this.

A little.

Maybe not enough.

Here my own watch.

It's a day pass. Just keeps you from doing that.

Hey, Gwen.

Hey, Peter. Hey, Peters.

I'm I'm a new recruit.

Peter, take a team to the transport deck. Deal with this spot mess.

I wouldn't call it a mess. More like a success and progress.

Then I need.

Sorry, I can't talk right now. I'm thinking about my past. That was a particularly harrowing memory.

Actually, we need you here for some reason.

He although.

Names. Web swing what?

Why does the horse?

To conceal her face, giddy.

Who is in these laser cages?

Anomalies folks who wound up in the wrong. Dimension.

We. But send them.

Home they're not very interesting.

We got a bunch of data.

OK.

That's interesting.

Mysterio. Mysterio. Video game guy.

I love video games.

Another video game guy.

Did you are you talking to me?

Typeface.

Go to Helvetica spider man.

Bold.

An interesting Craven a boring rhino. A prowler. Prowler. Not your.

Prowler.

Hey.

Eh.

It's rude to stare.

Quote that one myself.

Slipped.

You OK? I did all the work. You.

Missions. Have you been on? Together. Oh, not that many.

A couple dozen.

That's cool. Sorry. I'm Spiderman.

Wow, no way. All of us.

Are can we just keep?

Moving. Whoa, what are you?

Avatar my body is back to my parents dimension.

Mentioned sharing and sharing.

And eat it.

For girls.

Here is better.

Hear that?

What is that?

Apart from having a great. Name go.

Machine.

What did I say?

I put it against.

It it detects whatever dimension your DNA is from and sends you there. It's super humane and not creepy.

OK.

We should go.

See you.

Around let's go.

Hey, good luck out there, man. OK.

Bye, Miguel.

He likes those and bananas from the cafeteria.

My name is Miguel O'Hara. And this dimensions one and only Spiderman. At least I was. But I'm not like the others. I don't always like what I have to do, but I know I have to be the one to do it. I've given up too much to stop now.

No.

Bet this doesn't even do.

Anything you did before you ripped it out of.

Maybe.

A wall propaganda bro.

Because distract you from the truth.

And what's that?

Ain't got scooby-doo mate, because that's what. They want. Why do you want to be?

Part it's not, so get it.

Watch your own watch.

But you but.

You got a nice setup, huh? Nice.

Parents, they're fine. You got that faith. They just want what's best for me, so. Let's play Shane. Why?

Because you're not ready for everybody else. Listen to me bro. Whole point of being Spiderman is your independence being your own boss you don't need.

All this why are you here?

Looking out for my drummers.

All I want to be in a band I I want to see my. Friends. And I need to watch to.

Do that guys, come on.

Alright. Squashed. Just don't enlist. You know what war you're fighting.

Yeah, I know it's long.

But it's his thing.

Miguel O'Hara meets Miles Morales.

Hey, get out. Theo. That speaks Spanish.

Kamaria.

Listen, I'm really excited to get going and some fresh new ideas on how to cast the spot. He just wants to be taken seriously.

Oh great. Oh wow, he's worried about spot.

I'll worry about.

Spot what did.

I do no.

Miguel, it's not his fault.

Hold up. You blew another hole in the. Multiverse he doesn't know.

No.

Any better? I do know what, not know what.

But you did, Gwen.

And you.

I'm just gonna try to. Ignore you, I just can't. I can't even.

I. Here.

What's happening? Hey, Miguel. Come on. Go easy on the kid. He had a terrible teacher. He had no chance, Peter.

Peter. Ohh boy. Humbling reality. Spiderman has arrived.

Files.

Don't be afraid of my friend Miguel. He just looks scary. He's got no. Bite. Peter, you're growing up on me. Look great, you look.

You look solid. Yeah, you look good.

Define solid. What happened? You bleeding from? The armpit. Peter you. Don't worry about the suit we'll get.

You a new suit, Peter. You gotta tell him. Wait, what is?

That you have a baby. I have a baby.

This is crazy.

Don't forget to keep your little date pass on honey. You have one too. I didn't know they made those for adults. Give me a second. Mayday.

I'm coming up to get you.

I knew I was going to regret making her that web shooter. I shouldn't have done it. That's an actual mistake. Hey, you wanna see?

Pictures. She's right there. Ohh. You got them? They are. Well, she is.

Look at this.

Pic look at this special kid. She's incredible.

Google.

Yep, this is her funny face. That's this one is the studios 1? Face. Watch out, the next one you're gonna crack up. You can crack up. Oh, Miguel's gonna die. Look at look at this one.

You're trying to hold a serious adult conversation here.

You know. You're the only Spiderman who isn't funny. We're supposed to be funny.

The fate of the multiverse.

You always lose me with. That you say no fate of the multiverse and my brain dies. We are. You guys smell that? Mayday. Took a. Crap.

Yep.

She's a. That's what happens when a Parker eats an avocado.

Miles, you disrupted a cannon event.

Cannon event. That's insulting.

The kid wasn't thinking. That's not how he works.

Taking a crap on the establishment, I salute.

You wait. What? Are you upset? About. I saved those people.

And that's the problem. Lila do the thing.

What thing?

What do you mean? What thing? The information explain anything.

OK.

What's this?

This is everything.

Can you be more specific?

Can you not talk for a second?

Yeah, yeah.

And this year, this is all of us. All of. Our lives woven together in a beautiful web of life and destiny.

The spider verse spider verse.

That's stupid. It's called the arachnoid humanoid Poly multiverse. Which sounds. Stupid too, I guess.

And these nodes where the lines converge.

They are the cannon. Chapters that are a part of every spider story every time. Some good. Some bad. Some very bad.

Just keep going.

Uncle Aaron.

This one event, ASM90. A police captain close to Spiderman dies, saving a kid from falling rubble during a battle with an arch nemesis.

Captain Stacy.

I'm so sorry.

That happened to you.

And me?

Right. Well of it.

That's how the story is supposed to go. Cannon events are the connections that bind our lives together. That those connections can be broken. That's why anomalies. Are so dangerous. Inspector Singhs death was a cannon event. You weren't supposed to be there, and you weren't supposed to save. That's why Gwen tried to stop you.

I thought you were trying to save me.

I was.

I was doing both.

And now, miles, because you changed the story. Pavitra's dimension is unravelling. If we're lucky. We can stop it. We haven't always been lucky.

That that wasn't me. That was the spot.

It's what happens when you break the cannon.

How do you know?

Because I broke it once myself. I found the world where I had a family where I was happy. At least the version of me was. And that version of myself was killed. So I replaced him. I. Thought it was harmless. But I was wrong. Isn't that right, Peter?

Yeah.

You break enough cannon, save enough captains. And we could lease everything.

My dad is about to be captain.

I'm going to take everything from you. Like you took everything from me.

I'm coming.

Spot doesn't. He kills them. When does it happen? When does it?

Happen in 2 days. When he sworn in.

That's what the model says.

I'm sorry, miles.

Send me home.

I can't do that. Not now.

What am I supposed to do? Just let him die? What about your dad? He's a captain, right?

Yeah.

And that's it. You just aren't gonna do anything about. OK. What about Uncle Ben? That'd have been OK if you knew. And you just let it play out.

If not for Uncle Ben, most of us wouldn't be here, Myles. All the good we did it. It wouldn't have been done.

So we're just supposed to let people die because some algorithm says that that's supposed to happen. You realise how messed up that sounds right?

Whoa, whoa.

You have a choice between saving one person and saving an entire world every world.

I can do both, Spiderman.

Not always, miles. We all want to live the life we wish we had. Believe me, I have tried and the harder I tried the more damage I did. You can't have it all, kid. Being Spiderman is a sacrifice. That's the job. That's what you signed up for.

Miles.

Penny.

What is this?

Is this an intervention or something?

We know it's hard. But it's the truth, miles.

Is that why you're here? To let me down easy. Worked last time. Why not running back, huh?

Hey, hold on. Hold on.

You were right, you should have never come to.

See me stop.

Kid looked up, calling.

Me.

There we. Go.

Hope you're not helping. Please understand.

Ask me not to save my.

Father, I'm not asking.

But they'll just give him the centre.

Right, low.

We let him leave. We'll only do more. Damage we both know.

That.

Just need to hold you a few days.

Sorry, meant to end like this kid.

I said not to call me that.

Miles.

All right.

I'm sorry for doing this. This is bad parenting.

Just for the rest of our query.

All stations track what you do. And stop Spiderman on your miles. Miles Morales. He's entering sector 4.

You, you, you, you.

Do I have? What about my face? What's?

The deal. He's right there. He's.

Look.

Taking any damn winter. I guess they can.

So and then I looked at my uncle and.

Let me guess. He died.

Thanks.

On the count of 313.

You take a photo. It's her first.

Chase.

Miles.

Hi.

Huge fan of.

Your work do.

You spider people. Too often use comedy as a crutch crutch. It.

I could do anything. He did. Ohh Dang, I pulled something.

Hello.

There's nowhere to run.

My bad. Everybody, there was somewhere to run.

Start and stop, say something.

I know he's your friend.

But it's the only way, but my gut says.

Use your head.

Yeah, I've got you trapped in my well defined musculature, so don't even.

Miles.

No, no, let me go, right.

It is easy to run.

Running is the least crazy thing going on.

I feel bad. Good.

But this is just how stuff. Works. You're not gonna win here. Like, don't move. Stop moving so fast. No. Do you want to hold my baby? What would you just give the baby one squeeze and then we'll talk. Cause I think it's gonna.

No.

Change our boss. Very rejuvenating.

Plenty juvenation.

You'll get 4, so when you go just ingest with this magical child.

You don't get to have a heartfelt conversation with me, right?

See what happens.

You're the reason I had her, OK? I thought. That if I did a decent job raising her that there was a chance she was going to turn out like you and that got me excited because you are a wonderful person and I like being around you.

Then why didn't you come see me?

I could.

I wanted to be with you guys so badly. But this thing isn't what I thought it.

Was look bad. Things are gonna happen. It makes us who we are. But good things happen too, you know. Like you happen. And she happen.

Hey, I don't and listen.

You are so bad at holding the.

Baby.

We got your location, Peter.

Wait, wait, wait.

Sit tight. We're.

No, no, no, you do not have my location over.

On the road.

Send everyone.

No, no, no. I didn't know. I promise you. Please, man, let's talk about this. We did good talk.

Where does he?

Think he's going? I don't think he.

Planned this out. If I hadn't said it before, by the way, you're a terrible mentor.

He did just beat you. So I'm not a terrible mentor.

You're both equally terrible. Does not settle it. Stop pretending you know where you're going.

Well, I have a plan. I just haven't told you yet.

Look.

The party play the moon.

That's not good. What are those claws, dude?

Are you sure you're even Spiderman?

Are you? Who do you think you are really?

My name is Miles Morales. I was bitten by a.

Radioactive spider. I'm pretty sure you know the rector. Yeah.

Yeah.

So then.

You don't get it. You're in the novel, honey.

Not.

You let me go home.

Net.

Everywhere you go, you're an anomaly.

No.

You're the original anomaly. The spider that gave you your powers wasn't from your dimension.

Good.

It was never supposed to fight you. There's a world out there with no Spiderman to protect them because of big you. Instead, you're not supposed to be Spiderman.

No, you're lying, Spiderman.

No mistake.

You hadn't been bit your Peter Parker would have lived. Instead, he died saving you. He would have stopped the Collider before it ever went off spot wouldn't exist. And none of this would have happened. And all this time I have been the only one holding it all together.

You'll go easy on. Him.

You don't belong here and you.

Never did.

Tell.

Ohh, this isn't what we talked about.

You talked about this.

You know it.

You all knew.

I I didn't know. How to tell you?

That's why you never came to see me.

My. It's for your own.

Good. Who decides that I'm not a kid? When?

That's exactly what you are. You're. Just a kid has no idea what he's doing.

Yeah. Well.

I did lure hundreds of spider people away from your little clubhouse.

I guess he did plan this out.

And I'm about to do this. Everyone keeps telling me how my story is supposed to go.

Nah.

I'm gonna do my own thing.

Bye.

Why?

I taught him how to do that, so I got to be a pretty. Good mentor. Pull that off.

No.

Uh, that's kind of cute. Ohh no, been there.

Huh.

Hmm.

Initialising go home soon.

Mention your signature identify.

Come on. No.

No.

No, no.

What?

The machine activated on its own.

How is that possible?

It isn't you.

It's not possible for the accelerator. Right now.

How about this? No, no, no, no.

No. How about now you're getting in the way.

Right.

Stop him now, man. What does it look like?

I'm trying to do.

Alright. Ah. Think. Stop.

The first.

No.

OK, enough not the consoles fault. All he.

Had to do was listen. Why didn't he?

Listen, maybe you weren't hard enough on him.

When don't do.

It you let him go, you didn't catch him when?

Me.

OK, let's all just take a breath. Well, OK. Miguel, as a father of a daughter and the son of a mother.

Peter, you want to back me up?

Yeah, actually stop talking.

OK, duly noted.

Let me just talk to him.

We tried.

That he's my friend.

Yeah.

And that's the problem.

Do you know for certain what happens if? Breaks the cannon.

Do you want to find out?

I told you she was a liability.

You're wrong. Jess, tell him he's wrong.

He's not.

Are you serious right now?

I told you. You let him get away. I can't help you.

I'm not coming.

You're right.

What the hell?

Go home, Gwen.

We are supposed to be the good guys.

We are.

We are. Jess then come with me and somebody catch spot.

Oh yeah.

Yeah. Sorry, I I gotta get her down.

For not you. I've had the right amount of you.

Or nap.

Hey.

Hon.

How was work?

I don't know.

Peter.

Did you bring our baby to another fight?

Did I bring her bit? No, no. No. Because you asked me not to, so I I. Didn't I, wouldn't.

None.

You think I'll be any good at this?

You're.

Asking no.

There's no playbook for raising someone like her.

Or being Someone Like You.

You just gotta make the right adjustments at halftime. That's a sports metaphor, by the way. Oh, sorry. You're just such a nerd.

I understand.

A nice colour figure.

I have watched this.

4.

Look, I can't. Believable.

You want to go easy on the Penguin. Just when you just. You didn't even look at me. What? What? What? What is that?

I'm looking at you like you asked. You look skinny.

Where have you been?

Just been out murdering all my friends.

Oh. Oh, that's fine. Yeah. OK. Yeah. OK.

Where are you?

Going I don't know.

You're a good cop, dad.

You know you put on that badge because you know, if you don't, someone who shouldn't will. But you have to understand this mask is my badge. And I'm trying to be good too. I was trying so hard to wear this thing the way you would want. And I didn't. I didn't. I can do all these things, but I can't help the people I love the most and they can only know half of who I am. So I'm I'm completely on my own and now I don't. I don't even know what the right thing is anymore. I don't know what I'm supposed to do. But I know. I can't lose one more friend.

When? I always taught you to do it by the book.

And how did that workout then arrest me, Dad.

I took an oath.

Get it over with.

I I can't.

Why not?

Because I quit.

When?

About halfway through your big speech.

You're.

Wait a minute. You're not. You're not going to be captain.

That means.

My job being captain. This whole. Thing doesn't matter anymore. You're the best thing I've ever done.

It's Peter.

No wonder you got a name. In English.

BI gotta B Plus missed a few classes.

I don't know what it is you got to do. But I I think that this thing is supposed to help. The guy who left it was a real. Piece of work.

I'll be right back. Trump's.

Parenting stuff. Big *** mystery.

No mistake, you hadn't been fencing.

Your Peter Parker would have lived.

And none of this would have.

Happened my the hardest thing about this job is you can't always save everybody.

I'll make you pay. Every single triple is.

Between Satan one person and saving an entire.

World every world.

Spiderman always. Whatever you're going to do out.

Not.

There don't get lost.

I didn't know how it's helped.

Please Spiderman.

Cheap gold.

Did you check your locations?

Yes, dad.

No sign.

Of them, Lila, would you just send everyone out? Anywhere, anywhere he might?

Be Congrats, captain. Captain.

You can't call me that until I've sworn. In you know that we're all proud of you. You then?

Perfect pose. Possible disturbance in the alley. Better go check it out now. I'm here in the alley. There's something unusual happening. Looking at the walls. Those are normal. But there's something.

In front of them.

So.

Amazing.

Miles.

Is now a bad.

Time not too late. Are you guys OK? Tell me. OK.

Through your hand. I'm OK.

You were right. You were right about. Everything listen right. I saw all these amazing places and met all these amazing people. But.

Get me home.

But they didn't want me. I kept thinking about what you said. And let him. Have it, mom. I beat them all. I know how strong I am now. I'm strong because of you. And dad?

OK.

In US. My. There's something coming for us. Something.

Something terrible. Miles, you're talking crazy. What's going on?

His name is spy. He's my nemesis. And I'm gonna stop him. I know, you know, I've been lying to you. It's because I thought if you knew. You wouldn't love me the same. And then I went out there and. And now? I'm not afraid of anything.

What do you want to tell me?

You gotta promise nothing's gonna change.

Papa, I will always love you always. I don't care what you say.

Gotta promise. Ah. I'm Spiderman.

Who's Spiderman?

The superhero. He got bit by a spider. Gave him spider powers. He's me.

Is this where like you dress about your favourite character? Or like what's it called, like comics con?

I don't know what that is.

You really have me going there, spider man. You may hear nothing. What did you? Have it.

I had a nightmare about that once. But no, sure you woke up.

Are you?

Mom, stop playing around. This is serious. Dad worked with Spiderman. I mean, he didn't realise Spiderman was me at the time, but his dad was here to explain this.

Myles, please. I got you to take care of. I got me to take care of. So help me now.

Come, hold on. Hold on. I need to talk. Oh no.

He's in the wrong universe.

A spider that gave you your powers? Was it from your dimension?

42.

It's home dimension.

National.

The machine. Didn't send me home.

Uncle Aaron.

Hey.

You OK?

Ohh. I missed you so much.

OK. Alright then. Whoa, you took your.

Braids up on purpose? Yeah, yeah. I'm still getting used to it.

They gave me more hours at the hospital. So next month I swear I'll be back.

That does that.

Hey, how you doing?

Hey, how'd it go with miles? Well.

You know how you grounded him? I ungrounded him.

You you what?

A little. I mean, how much trouble could you get into? Right. Yeah. I don't think that.

Ohh, miles. I have to work an overnight tonight. Here's a grocery list.

Trouble.

I'll make sure he gets these done.

All right, we gotta roll. Security switches out of six. That's the.

Window right?

Right. Yeah, I'm, I'm following you. And what you are saying? You're right, I have a call.

Come on, man.

Make sure you got the.

Went.

Yeah, but but maybe we should go over it one more time.

Hi.

There's no Spiderman.

Baby. But you did unilaterally unground.

I just I.

Just worry about it. OK, this is probably that girl. What is he even thinking being with her?

I have some ideas.

Baby, you're really not.

Helping around her. I just hope she doesn't get him hurt.

I mean, am I responsible for this? No, no. Maybe it's all my fault.

Come on, Papa. You're a great dad. This is.

Hard. This is hard. It's like we got a whole new kid who just wants to grow up so fast. And maybe we gotta grow up to.

A little bit.

Maybe we just gotta let him spread his wings, man.

Man.

It's not your fault. It's mine.

Oh, come on. What the heck are you?

Doing here ohh his window was open so I came in because that's normal to.

Do I want to talk?

To your parents, right? My, my dad's kind of hard to get on the horn.

Ohh really? What does he do? Deal drugs?

He's a cop.

Statement withdrawn. Yep. Well, I'm going to call the station.

I don't think he's there or anywhere around.

OK.

Here. Well, that's his jacket. Emo. Where's mine?

I don't know.

Don't know what do you mean?

You don't know, I'll.

Leave. What do you think you're going, young lady?

I'm going to find him.

I don't know where exactly.

But I know where to start.

One thing I learned from miles.

It's all possible.

He loves you more than you could ever imagine. I've seen it.

If you do find him. Tell them five months. And tell them we love them.

You got it.

Erin.

I'm.

Listening, OK. You don't understand. I'm not from here. Listen, OK. This machine sent me here by mistake. Wait, please, please, please. OK. Wait, wait, wait, wait. OK.

Ain't no.

Please.

Call Aaron. Just hear me out. I was bit by a spider that gave me powers.

Ain't no.

Wasn't supposed to fight me. It was supposed to bite someone else. Someone from here. No, I need to go off, OK. I have an uncle Aaron too. I had. He's a bad guy called the Prowler.

You are mine. Oh.

He looked out for me. He did a lot of bad things, but I knew he wanted to be good. He just didn't know he had a choice. But you do. You could be a good guy.

A good guy.

Please trust me. I know you don't want to. Be the problem.

Hi.

I'm not.

Near Miss, many has extended New York mandatory curfew, false sinister 6 cartels that control of the street because nobody can find stop them.

Yeah.

Your daddy still alive? Your father.

You said he's still alive.

Yeah.

Oh.

Who are you?

I'm Miles Morales.

For you.

You can call me the Prowler.

If I don't get home. Her dad is gonna die.

You're dead.

Please.

You have to let me go. Why would I do? That.

Dumb dumb.

Never found the right band to join. So I started my own.

With the fuel.

Friends. 1 is.

Don't fight.

I don't.

Feel. My dreaming.

Thank you.

I don't feel in my dreaming. It's been more like God's gonna be fearless. But I can't give. Everyone's against me. Don't want me to be. In the face. But I can't get away.

Ah.

I give my all. Hey. Just to save you, I give all of me I can hear you screaming now calling. It's my fault. Made you fall for me. To save you, I give my all. Just to save you, I give all of me on me. I can hear you screaming. No calling me. It's my fault. Made you fall for me. So to save you, I give my all.
